

OBDLinkEX

Getting Started

1

Download and install the app

FORScan: forscan.app

OBDwiz: obdwiz.app

2

Connect OBDLink EX to the PC

● Yellow LED: drivers installed automatically

● Red LED: obdlink.com/drivers

3

Plug OBDLink EX into the vehicle

OBD port is usually located under the driver's side dashboard.

● Green LED: tool is ready to use

4

Start the engine

Make sure the engine goes “prrrrrrrr”

5

Launch app

In the app, click the “connect” button. Your OBDLink EX is now ready to use
